**Notes from interview with  
Isaiah Gibbs**

## Interview with Isaiah Gibbs

- Isaiah Gibbs is cousin to the defendant and is close friends and has known him all his life.
- Isaiah has known Laura for about as long as Andre dated her. Even when Laura lived on Lockhart Street at her parents house she did Andre wrong in Isaiah's opinion. They would go to the pool and Laura would talk to Isaiah's cousin and anyone else who would talk to her. Isaiah would tell Andre but Andre wouldn't believe him. But one time, Andre even accused Isaiah of "messing with Laura".
- One time several years ago Andre said that Laura was Jezebel and [REDACTED] was the devil.
- Andre would always talk about Laura. He was obsessed with Laura. He would always talk about how Laura had messed him around.
- Isaiah knows that James and Laura had an affair because he and the defendant walked in on them sometime around 2001. Laura was living on Colbert Street at the time. The defendant was crying and very angry. The defendant said he was going to get even.
- He and Andre were in to playing the Mortal Kombat videogame. This is a game played where there is a lot of knives and violence involved. He says while they were playing the game that Andre would pretend that one of the participants were Laura and that he was going to "knock her head off". Andre was also always fascinated with knives.
- The defendant also told Isaiah that Laura had slept with his brother Brian.
- Andre got mad because Laura wouldn't let him see [REDACTED] when he wanted to. Isaiah would go over and talk to Laura and talk her into it. One time he went over to talk Laura into letting Andre see [REDACTED] on Colbert Street and the defendant and Laura got into an argument, they were calling each other names. Andre was calling Laura a bitch, ho. She would get angry and Andre and was telling him that he needed to pay all the bills, rent, groceries, etc. He had to break up the argument and Laura was swinging at the defendant and the defendant grabbed Laura and threw her on the bed. He thinks this happened sometime during the summer of 2001.
- Andre had told Isaiah that Brian had slept with Laura. Andre had told Isaiah this before Andre stabbed Brian, his brother.
- Andre stopped talking for a whole week one time and it was probably about one and half months before the murder. They would chill out together and drink with Isaiah but he wouldn't say anything. They would listen to music. He would write things out and just carry on a conversation by writing. But he never knew Andre to ever put any tape over his mouth. During this time he asked Andre why Andre was not talking and Andre told him, in writing, that the Bible said if you can't talk nice, just don't talk at all and that's why he was doing it.
- He knows Andre was doing Coricidin and that Andre would get violent while on Coricidin. Isaiah believed that's unusual for him and described him as kind hearted. Isaiah believes that the defendant was doing Coricidin for at least three weeks before the murder. He was doing Coricidin for however long he knew Carmen.

04717

- Once, Carmen tried to get Isaiah to do Coricidin but he would<sup>not</sup> do it. He just basically drinks Courvoisier.
- One time Isaiah was at Andre's trailer while Andre was doing Coricidin and he was playing with knives (kitchen knives). He would play like he was cutting his wrists with the dull edge. He would talk about off-the-wall violent stuff like pulling his fingernails off with pliers.
- ~~The Friday night before the murder, there were a bunch of people at Andre's trailer and they were coming and going.~~ Andre told him that night that the hospital wouldn't accept him earlier that morning. He thinks that Brian was there some, Scott, a white male, (LNU), Danny (defendant's brother) and James were there some. Brandon Patterson, Floyd's brother and the defendant's cousin, came by but he didn't stay long. Isaiah left with Brandon. Andre had left earlier but he didn't know where he went.

Defendant was hyper that night but he seemed okay to an extent. Isaiah could tell something was bothering him. Isaiah left the defendant alone for a few minutes and the next thing he knew, he was gone.

That night, when Isaiah talked to the defendant, the defendant said he was stressing. He was talking about the war and that females only wanted money and some females only wanted to leach off of you. The defendant told Isaiah "I can't take this shit no more. I feel like killing myself" then he told Isaiah he was going over to see his son.

- Isaiah doesn't know if Andre was doing Coricidin that night but he did know that when Andre got with Carmen and started doing Coricidin, that he changed. He also said that Floyd Patterson thought that Coricidin was to blame for Andre's actions.
- The next morning, Saturday, the day of the murder, Isaiah went over to the trailer he thinks somewhere around 8:00. He talked to Carmen for about 15-20 minutes and the defendant came walking into the trailer. There was no blood that could be seen. Andre walked in and Isaiah said what's up, what's going on? The defendant looked at him and shook his head. The defendant said "Isaiah, I'm sorry." Isaiah said "what are you apologizing for?" The defendant said "I did it." Isaiah asked what did you do? The defendant said "Man, I killed them." Isaiah said "who?" The defendant said "Laura, [REDACTED] and [REDACTED]." The defendant then said, "and what's bad, I killed two little kids." Isaiah said "don't be playing about that stuff, come on and sit down and chill." At that time the defendant said, "If you don't believe me, look in the bags." He then nodded toward the kitchen.

The defendant then asked Isaiah to have the girl that Isaiah had been over there with who was at Brandon's trailer at that time, to take him to the police station to turn himself in. Isaiah said that he wasn't going to be taking him to no police station. And said "quit playing so much." At that time they decided to go over to Brandon's. As they got ready to leave, the defendant told Isaiah that he loved him and that they wouldn't be seeing each other for a long time.

04718

- ISAIAH thinks that the night before the defendant had on some dark blue pants and maybe a black shirt. When ISAIAH saw him come into the trailer that morning, he had on a camo shirt and camo fatigue pants.
- Isaiah knows that Andre knew what he had done was wrong. Isaiah also said that he figured the defendant wouldn't be a right state of mind because of the Coricidin but he did know what he had done was wrong.
- After the defendant had left, Isaiah went back over to look for a pack of cigarettes he left at the defendant's. He went through the back door which is always open. At that time he saw what appeared to be blood stains on the stairs and a small blotch on the carpet.
- When the defendant had come in he had also told Isaiah he had tried to kill himself and he showed Isaiah. He said that he had tried to kill himself because he had killed Laura and the kids. The defendant was crying when he told Isaiah about what he had done.

OFFENSE NARRATIVE: 01/26/03 1330 WARD 068 095

COMP. IS THE STATE OF TEXAS

I OFFICER WARD ON 1-26-03 WAS DISPATCHED TO [REDACTED] ON A REPORT OF A STABBING VICTIM AT THIS LOCATION. AFTER ARRIVING AT [REDACTED], I TALKED TO THE RESIDENT, DONALD RAMSEY, WHO TOLD ME THAT BRIAN THOMAS HAD JUST RAN UP TO HIS RESIDENCE STATING THAT HE HAD BEEN STABBED BY HIS BROTHER ANDRE AND TO CALL THE POLICE AND AN AMBULANCE.

MR. RAMSEY LED ME INTO A BEDROOM INSIDE THE RESIDENCE WHERE BRIAN THOMAS WAS LAYING ON HIS STOMACH, FACE DOWN, ON A BED WITH A LARGE STAB WOUND LOCATED ON HIS BACK AND ON THE LEFT SIDE, ABOUT MIDWAY BETWEEN HIS HIP AND HIS SHOULDER. I OBSERVED THE LARGE GAPING HOLE WITH BLOOD WELLING IN IT, AND OBSERVED WHERE HE HAD BLED ONTO THE BED AND ONTO HIS CLOTHING.

AS I WAS WALKING INTO THE RESIDENCE, I OBSERVED SEVERAL DROPS OF BLOOD ON THE STEPS AND THE PORCH. OFFICER DANNY SMITH ARRIVED TO ASSIST ME AND STEPHEN DEAN ARRIVED TO ASSIST ME ON THIS AND OFFICER SMITH USED HIS DIGITAL CAMERA TO TAKE PHOTOGRAPHS OF THE VICTIM AND THE SCENE AT [REDACTED]

I ASKED BRIAN THOMAS WHO HAD STABBED HIM AND WHILE I WAS ASKING HIM THIS QUESTION, I OBSERVED ANOTHER STAB WOUND ON BRIAN THOMAS' LEFT ARM. IT WAS PARTIALLY COVERED WITH BED CLOTHING AND I COULD NOT SEE IT VERY WELL. AT THIS TIME, THE PARAMEDICS ARRIVED AND JUST AS THEY WERE ARRIVING, BRIAN THOMAS WAS TELLING ME THAT HIS BROTHER ANDRE THOMAS GOT MAD AT HIM BECAUSE BRIAN THOMAS WAS HITTING HIM A LITTLE BIT BECAUSE BRIAN THOMAS WAS MAD AT ANDRE THOMAS FOR HAVING HIS ROCK MUSIC TURNED UP TOO LOUD AT THEIR RESIDENCE.

I ASKED BRIAN THOMAS TO REPEAT WHAT HE HAD SAID AND HE TOLD ME THAT ANDRE THOMAS WAS PLAYING HIS MUSIC TOO LOUD AT THEIR RESIDENCE AND BRIAN THOMAS GOT MAD AND IN HIS WORDS "WENT OFF" AND WENT BACK THERE AND STARTED HITTING ANDRE THOMAS FOR HAVING THE MUSIC UP TOO LOUD AND NOT WILLING TO TURN IT DOWN. BRIAN THOMAS STATED THAT HE HAD WALKED AWAY FROM ANDRE THOMAS AND AFTER HE HAD WALKED AWAY FROM ANDRE THOMAS, ANDRE THOMAS GRABBED A BUTCHER KNIFE FROM THE KITCHEN AND STABBED BRIAN THOMAS IN THE BACK AND WHEN BRIAN THOMAS TURNED AROUND TO DEFEND HIMSELF, BRIAN THOMAS GOT STABBED AGAIN IN THE THE LEFT ARM.

SHERMAN POLICE DEPARTMENT  
317 S TRAVIS

BRIAN THOMAS TOLD ME THAT HE MANAGED TO GET OUT THE FRONT DOOR OF THE HOUSE WHILE ANDRE THOMAS WAS TRYING TO STAB HIM AGAIN AND RAN DOWN TO DONALD RAMSEY'S HOUSE WHERE HE HAD THEM CALL THE POLICE AND AN AMBULANCE.

AS SOON AS THE PARAMEDICS AND EMT'S LEFT WITH BRIAN THOMAS TO GO TO WILSON N JONES HOSPITAL, MYSELF, OFFICER DANNY SMITH AND OFFICE STEPHEN DEAN WENT DOWN TO BRIAN AND ANDRE THOMAS' RESIDENCE AT [REDACTED]. THERE WE MET ANDRE THOMAS THERE AT [REDACTED]. ANDRE THOMAS WAS STANDING IN THE LIVING ROOM WITH HIS HANDS ABOVE HIS HEAD STATING TO ME THAT HE WAS READY TO GO TO JAIL AND HE KNEW THAT WE WERE GOING TO ARREST HIM.

AS I WAS HANDCUFFING ANDRE THOMAS, HE WAS TALKING OVER AND OVER AND WITHOUT BEING ASKED ANY QUESTIONS, WAS TELLING ME WHY HAD ENDED UP STABBING BRIAN THOMAS. ANDRE THOMAS WAS TELLING ME THAT HE WAS PLAYING HIS MUSIC IN HIS ROOM WHEN BRIAN THOMAS CAME IN AND TOLD HIM TO TURN IT DOWN AND STARTED HITTING HIM AROUND THE HEAD OVER AND OVER. ANDRE THOMAS STATED THAT HE WAS TIRED OF BEING BEAT UP AND BEAT ON BY HIS BROTHER BRIAN THOMAS AND WHEN BRIAN THOMAS TOLD HIM THAT HE WAS GOING TO GO GET SOMETHING ELSE TO BEAT HIM WITH WHEN HE LEFT ANDRE THOMAS' ROOM, ANDRE THOMAS STATED THAT HE WAS AFRAID BRIAN THOMAS WAS GOING TO GET A CLUB OR SOMETHING TO BEAT ANDRE WITH AND ANDRE STATED HE TOOK A KNIFE AND WENT INTO THE LIVING ROOM WHERE HE FOUND BRIAN THOMAS AND STABBED HIM BEFORE BRIAN THOMAS COULD INJURE ANDRE THOMAS.

THERE WAS QUITE A BIT OF BLOOD ON THE SOFA IN THE LIVING ROOM. PHOTOGRAPHS OF THE SCENE AT [REDACTED] WERE ALSO TAKEN BY OFFICER DANNY SMITH. THE DIGITAL DISC FROM THIS CAMERA WAS TAGGED AND PLACED INTO THE EVIDENCE LOCKER AT SHERMAN POLICE DEPT.

THERE WAS ALSO AN AUDIO DISC THAT WAS TAGGED AND PLACED IN THE POLICE DEPT. EVIDENCE ROOM OF ANDRE THOMAS TELLING ME THAT HE DID NOT WISH TO GIVE ME A VOLUNTARY STATEMENT.

AFTER SECURING ANDRE THOMAS, I ASKED ANDRE THOMAS WHERE THE KNIFE WAS THAT HE USED TO STAB HIS BROTHER BRIAN THOMAS AND HE TOLD ME IT WAS "IN THERE", MOTIONING TOWARD THE KITCHEN AREA. I THEN ASKED ANDRE THOMAS IF HE MEANT THE KITCHEN AND HE SAID "YES". I DID GO INTO THE KITCHEN AND FIND A LARGE BUTCHER KNIFE SITTING IN A POOL OF WATER IN THE SINK. THE ONLY THING STICKING OUT OF THE WATER WAS THE HANDLE TO THE BUTCHER KNIFE. THE BLADE WAS IMMERSSED COMPLETELY IN THE WATER.

I ASKED ANDRE THOMAS TO COME INTO THE KITCHEN AND SHOW ME THE KNIFE AND ASKED HIM IF THIS WAS THE KNIFE IN THE KITCHEN SINK. HE WALKED OVER TO THE KITCHEN SINK AND MOTIONED TO THE ONLY KNIFE VISIBLE THERE,

Feb 27 2003

SHERMAN POLICE DEPARTMENT  
317 S TRAVIS

THAT THAT WAS THE KNIFE. I COLLECTED THIS KNIFE AND HAD OFFICER SMITH PHOTOGRAPH IT ON THE SAME DISC THAT HAD THE REST OF THE PICTURES OF THE CRIME SCENES AND INJURIES AND THEN TOOK THIS KNIFE TO SHERMAN POLICE DEPT. WHERE I TAGGED IT AND PLACED IT IN THE EVIDENCE LOCKER AT SHERMAN POLICE DEPT.

THE KNIFE WAS A STAINLESS STEEL KNIFE AROUND 8 INCH BLADE, WITH A ONE INCH THICK BLACK HANDLE. THE ONLY WORDING ON THE KNIFE WAS ON THE LEFT-HAND SIDE OF THE BLADE AND STATED "STAINLESS STEEL CHINA", NO BRAND NAME WHATSOEVER.

I THEN TRANSPORTED ANDRE THOMAS TO GRAYSON COUNTY SHERIFFS OFFICE WHERE I READ HIM HIS MIRANDA WARNING AND ADVISED HIM OF HIS RIGHTS AND ADVISED HIM HE WAS UNDER ARREST FOR AGGRAVATED ASSAULT WITH A DEADLY WEAPON-FAMILY VIOLENCE. I THEN ASKED ANDRE THOMAS IF HE WISHED TO GIVE ME A VOLUNTARY STATEMENT ON HIS SIDE OF THE INCIDENT AND ASKED HIM THIS ON MY TAPE RECORDER AND HE STATED THAT HE DID NOT WISH TO GIVE ME A VOLUNTARY STATEMENT. THIS AUDIO TAPE WAS THE ONE THAT WAS TAGGED AND PLACED IN THE EVIDENCE LOCKER AT SHERMAN POLICE DEPT.

AFTER BOOKING ANDRE THOMAS IN FOR THE AGGRAVATED ASSAULT WITH A DEADLY WEAPON-FAMILY VIOLENCE, I THEN WENT TO WILSON N JONES HOSPITAL WHERE I ATTEMPTED TO GET A VOLUNTARY STATEMENT FROM VICTIM BRIAN THOMAS, BUT HE WAS IN THE OPERATING ROOM BEING OPERATED ON AT THIS TIME. I THEN WENT BACK TO SHERMAN POLICE DEPT. TO TAG MY EVIDENCE AND FINISH MY REPORTS. I WAS UNABLE TO GET A STATEMENT FROM THE VICTIM AND DON'T KNOW WHEN I WILL BE ABLE TO GET A STATEMENT FROM HIM.

PO: You mentioned that he said just kill, I think you said that bitch.

Zack: Yeah.

PO: Bitch being...referring to Laura?

Zack: Yeah.

PO: Okay. Did he ever talk to you about how he intended to kill her?

Zack: Nah.

PO: He just made comments and said he wanted to kill her?

Zack: ?????

PO: How many times do you think he told you that he wanted to kill Laura?

Zack: Maybe twice. \_\_\_\_\_ he personally \_\_\_\_\_ with \_\_\_\_\_ twice.

PO: Had he ever asked you at any time to give him advice on how to kill somebody?

Zack: No. He did ask me if I would help him kill hisself.

4774

04177

PO: To kill himself?

Zack: Yeah.

PO: Why would he want to kill himself that you know of? Did he give you any reasons or...how did he want you to help kill him?

Zack: He asked me if I would stab him.

PO: Did he have a knife with him?

Zack: No. He always has a big, huge knife at his house, but \_\_\_\_\_.

PO: So you've been over to his house before? Is that, do you know the lot number over there, I assume it's a mobile home park.

Zack: Yeah. His \_\_\_\_\_.

PO: You know what number was his?

Zack: ????

PO: No idea?

Zack: His house was so \_\_\_\_\_ beat up I don't think it had a number \_\_\_\_\_.

PO: Okay. Have you ever been over to Laura's house with him?

Zack: Uh, no, but I've been over to Laura's house with Kim.

PO: Okay. Have you ever known Andre to go over to Laura's house?

Zack: I knew that Andre used to always walk over there and they would talk about \_\_\_\_\_ and they would eat dinner \_\_\_\_\_.

PO: Did they...was Andre over there when Laura's boyfriend was there?

Zack: Yeah, he was there a while. \_\_\_\_\_.

PO: They \_\_\_\_\_ together \_\_\_\_\_. Do you know, did they get along or do you have any idea?

Zack: Yeah, they used to, they'd go to the park and stuff \_\_\_\_\_.

4775

04178

PO: With the kid? You talking to the park right next to them, Fairview?

Zack: Fairview.

PO: So they did actually get along to the best they could with the relationship they had?

Zack: Yeah.

PO: Have you ever given Andre a ride over to that apartment to drop him off or anything?

Zack: Huha.. No.

PO: \_\_\_\_\_ done that?

Zack: ?????

PO: If he needed a ride, who would he go to continually, do you know?

Zack: Maybe Scott.

PO: Who's Scott?

Zack: \_\_\_\_\_. I don't know Scott's last name, but he's white and the last time I heard he lives in Sherman.

PO: Okay. You don't know what his last name is?

Zack: Nah. He drives a light blue Pontiac or something. Scott and \_\_\_\_\_, I think he's staying out at \_\_\_\_\_.

PO: Do you know what Billy's last name is?

Zack: Kim \_\_\_\_\_. Kim knows all...

PO: Is Kim related to you?

Zack: Kinda. She's his \_\_\_\_\_.

PO: Granddaughter?

Zack: That's right.

PO: Okay. That's Kimberly.

Zack: Kimberly Baird. She's known \_\_\_\_\_ for about 10 years.

4776

04179

Kim: Yeah, she's known \_\_\_\_\_ for a long time.

Zack: She helped raise Andre.

Kim: Yeah, she helped raise Andre.

PO: And at no time that you recall did Andre ever tell how he was going to go about committing this killing that he was talking about.

Zack: He wanted to come and kill Laura, but he never said nothing about \_\_\_\_\_.

PO: Had he ever expressed why he wanted to kill Laura?

Zack: Because of the way that she just left him and she had \_\_\_\_\_ daughter \_\_\_\_\_ and he was struggling in \_\_\_\_\_ trailer park and \_\_\_\_\_ him and her \_\_\_\_\_ apartment.

PO: I guess \_\_\_\_\_ lifestyle \_\_\_\_\_. Is there anything else you think that you should add before we turn the recorder off? That everything that you can remember?

Zack: Yeah.

PO: And \_\_\_\_\_ through, something in your previous statement that you wanted to add after the recorder went off? Something to do with Andre and wanted to know about how to use the knife or..?

Kim: Yeah. I remember him asking me how to use a knife; how to actually...what's the best way to put a knife into a person and kill them.

PO: And how did that conversation start?

Kim: Well, I...he just asked me...he was talking about suicide and he was asking me if I knew a quick way to put...where to penetrate a knife at...to actually \_\_\_\_\_ part body where it would commit, you know, a quick death. And I told him there was not really a part of the body to do that, but I told him, you know, I said, you know, the upper part of the chest is probably the best part, you know, to do that.

PO: Did he ever ask you where the internal organs were located at, or anything like that?

Kim: He asked me if the internal organs were located at...where they were located at. He asked me if I knew where they were located at.

PO: Were you able to tell him?

04130

4777

Kim: Well, yes I did.

PO: Your heart's here and your lung's here?

Kim: Yeah, I told him, you know, basically what, you know, what part of the body, what part \_\_\_\_\_.

PO: Do either one of you guys know the extent of the injuries that the victims had? Have you all heard anything?

Kim: Actually, we just heard rumors. So I actually don't know what happened to them.

PO: So you don't have any idea.

Zack: Just from what the neighbors said.

Kim: We heard, you know, each victim was stabbed once and...

Zack: \_\_\_\_\_ their hearts...

Kim: We heard from my ex-wife last night that they were, that the organs were removed. Of course, we don't know.

PO: Alright. Is there anything else that either one of you would like to add.

Kim: ?????

PO: Okay. Its 14:48 hours and that will conclude this statement.

Kim Young Interview

PO: I am Officer Smith with the Sherman Police Department. It is March 30, 2004; 13:18 hours. We are at the Sherman Police Department also present is Investigator Mike Ditto. And if you would, sir, just give me your name for the record.

Kim: My name's Kim Young.

PO: That is K-I-m Y-o-u-n-g?

Kim: Yes sir, it is.

PO: When's your birthday, Mr. Young?

Kim: Its [REDACTED]

PO: Okay. This is in reference to Incident Number 0402024.

Kim: Okay.

PO: Which is a capital murder case.

Kim: Okay.

PO: Mr. Young I come out looking for you earlier today in reference to some knowledge you might have about the subject in this case \_\_\_\_\_. Kinda tell me, I guess, first of all, how you came into meeting and knowing Mr. Thomas and when that occurred, roughly.

Kim: We met Mr. Thomas about maybe 2 months ago, 2 ½ months ago through Kimberly \_\_\_\_\_ who lives with us.

PO: What's Kimberly's last name?

Kim: Baird.

PO: Kimberly Baird.

Kim: Like the bread.

PO: Okay, and she lives with you?

Kim: Yes.

04182

4763

PO: Okay.

Kim: And he \_\_\_\_\_ with friends of Laura and Wendy, and everyone \_\_\_\_\_ the complex out there and, the apartment complex; they were all, they all grew up together; and so we basically know each other from that point of view.

PO: Now, which one are you talking about?

Kim: Laura was the one who was murdered.

PO: So the victim?

Kim: Yes.

PO: And what was Kimberly's relationship with Mr. Thomas, was there a relationship with at all or...

Kim: No. Just friends. Just friends.

PO: So would Mr. Thomas come over to your house sometimes?

Kim: Sometimes he would, yes, he would come over to my house sometimes.

PO: Okay.

Kim: Actually, he come over to my house maybe, maybe a few days before the murder happened.

PO: And this happened on the 27<sup>th</sup>....?

Kim: Yes. Maybe I seen Andre on the 25<sup>th</sup>.

PO: So you saw him about 2 days before, which would be Thursday, I guess...?

Kim: Yes, yes it was.

PO: What was his state of mind on Thursday?

Kim: Basically about the same as it was all the other times. Andre was in left field, basically, all the time. I would catch Andre several times in my house talking to his hand, talking to the floor, asking if I heard voices, and I would tell him "no". Andre was, Andre was in the state of mind where he didn't know where he was at, where he was going. He was definitely lost. He, ah, he, ah, Andre even asked me about committing suicide. He asked me if it's worth doing that. I told him "no". I said "not worth committing suicide". Of course, I've been through, I've taken psychology in college, and I, you know, \_\_\_\_\_ told him that, and I was basically just using what I knew and just what I been through in my lifetime,

4763

04183

that suicide's not the answer. And, but he, he definitely wasn't on a path of being righteous at all. He needed help. Andre definitely needed help.

PO: Does he ever talk about hurting anybody else besides himself?

Kim: Yes, he did.

PO: Did he talk about \_\_\_\_\_?

Kim: Talk about hurting Laura? Yes.

PO: On one occasion or on multiple occasions.

Kim: There's been several occasions. Now, basically, his exact words were "I want to kill that bitch".

PO: What would make...If I understand it, Laura is his still his wife or estranged wife?

Kim: Yes.

PO: What would make him so angry at Laura that he would say something like that?

Kim: That Laura left him. She had a place to live. She had a man taking care of her. She had a life. She had a family. She had everything that Andre wanted and that Andre couldn't have. And it made him very mad and very upset. And, he was, he frequently talked about it, and he was very upset about it, basically, all the time.

PO: Did he every say how he was going to do it?

Kim: Actually, he just said, he never did say how he was going to do it, he said he was going to kill the bitch. That was his exact words.

PO: He ever threaten anybody else?

Kim: Well, he asked, he asked us if we would stab him?

PO: Asked you to stab himself?

Kim: Yes. He asked us if we would stab him and we would hurt him: if we would physically harm him. We said no. We said we don't do that.

PO: Why would he asked that, was he asking you to hurt him so that he could claim somebody hurt him, or does he .....

Kim: I think, I think Andre was looking for a way out.

04184

PO: A suicide tactic?

Kim: Suicide. Yeah, he was looking for not necessarily a painless or painful way out, but he was looking for a way out. He was asking about taking pills, he was asking about gas, he was asking about, you know, hanging himself, he was asking about several things about exactly, about taking his own life. You know, I didn't, you know, he kept talking about, you know, harming Laura, but I told him, you know, stay away from that. I said she's got her own life now, just rather not get involved with, you know, what she's doing.

PO: Did he ever ask you guys, you or Zack or any of your family members for a ride to Laura's house?

Kim: Ah, several times.

PO: Did you all give him a ride over there?

Kim: No. No we did not.

PO: Did he ever ask for your input on killing Laura?

Kim: He didn't ask about it, but he just basically said I want, like I said, he wanted to kill her. He said he wanted to kill her. But, you know, it's just like basically any, you know, any man being mad at a woman, or his ex-wife saying, you know, I'm so mad I just want to kill the bitch. You know, things like that. That's the way I took it. You know, I didn't know he was going to go this far. I really didn't.

PO: Did he ever lay out any of the plans \_\_\_\_\_?

Kim: Ah, he did ask me at one time if, he asked me if, do you think a knife would be suitable for murdering somebody? I told him there's nothing suitable for murder.

PO: Did he ever ask you guys to participate in any murder in.....?

Kim: No. No he didn't. Basically the only thing he ever asked us to do is, is call her or let us call from your phone, or take me over there, or things like that. You know, he just...Andre had a car, but it was a piece of shit. You know, it didn't run that good at all, and so he just basically, just was asking us for a ride...I would tell him no.

PO: We're getting information from all kinds of people, obviously, in this investigation, but probably be coming with that Zack had actually been asked to participate in this murder by Andre.

Kim: Well, what Andre and Zachary was asked to say then is that Zachary started off asking Andre...Andre asked Zachary if, Andre asked Zachary first if Zachary would stab him. Andre wanted Zachary to stab him.

END

04185

PO: Okay.

Kim: That was the first thing that was brought up. He never asked Zack really to be involved in it, you know, in the situation with Laura, because, you know, Laura knew us. She knew me and Zachary, and, you know, we knew Andre...we knew all 'em. He never asked, as far as I know, he never asked Zachary either, or Zachary would have told me. So he never ask Zachary \_\_\_\_\_, he did ask Zachary to stab him.

PO: Zachary is how old?

Kim: Zachary is 15.

PO: 15?

Kim: Yeah.

PO: Is he going to school...or..

Kim: No, he's not right now.

PO: So does he stay home or work?

Kim: Yeah, he stays home, he stays home.

PO: But he is here at your house if we need to talk to him?

Kim: Yes sir, he is. Yes sir, he is.

PO: Are you aware of any other violence between Andre and Laura?

Kim: Not between Andre and Laura, no.

PO: Andre and anybody else?

Kim: Yeah, Andre and his brother. I know he stabbed, he got mad at his brother and stabbed his brother. And then...

PO: What was that over?

Kim: From what I was concerned, it was over something that was going on between a car, a car that Andre had, you know, that his brother was supposed to get; I'm really not actually sure what it was about and that....

PO: Did you talk to Andre at all since the time \_\_\_\_\_? Have you seen him, \_\_\_\_\_ him since then?

4707

04186

Kim: No. No, I haven't.

PO: So you had no contact with him other than two days before this happened?

Kim: Yes sir.

PO: Was there somebody with him when he came over to your house?

Kim: I think he was by himself.

PO: By himself?

Kim: By himself, yes. Unless Carmen was with him.

PO: Carmen is who?

Kim: Carmen is that girl who used to live with us.

PO: With you guys?

Kim: Yeah, she lived with us for a little while, and Andre and her started seeing each other, that's basically what brought Andre over to our house at \_\_\_\_\_ times.

PO: Was Carmen?

Kim: Was Carmen. And, you know, Carmen, you know, she started seeing Andre. We told her not to see him, and she, you know, wanted to see him and, you know, of course, Carmen was...

PO: Why would you tell her not to see him?

Kim: Because we didn't think that Andre was right for Carmen because Andre, you know, we knew Andre had problems. And we really didn't want Carmen seeing him, you know, and Carmen was a.....

PO: Were you concerned about Carmen's safety?

Kim: Ah, yes I was.

PO: Why were you concerned about her safety?

Kim: Well, because I just, she was a female, she was vulnerable, she was white, you know, you know. Andre liked white women and, you know, Carmen was a, Carmen was doing a drug called Coricidin, something you could buy over the counter and she started giving it to Andre.

7708

04187

PO: Is that like cold pills or something?

Kim: Yeah. It's cold medicine. And we told her not to give it to him because it was a...it wasn't...it wasn't good for Andre. Andre was already out there, he didn't need nothing else....

PO: I've got just one more thing I want to make sure I got clear in my mind. The last time you talked to Andre? Did he say anything then that he wanted to hurt Laura Tidwell?

Kim: No. He was there to pick up Carmen. That was it.

PO: So he seemed okay with everything as far as he could be?

Kim: Andre being Andre, yeah, he \_\_\_\_\_ alright.

PO: But he didn't express any desire to do any violence at that time.

Kim: No, not at that time. Not to anybody else, no. He was still on a kick about himself.

PO: He was still wanting someone to hurt him?

Kim: Yeah, and wanted to hurt himself.

PO: During the two months' time frame that you roughly knew him, how many times can you think right off the top of your head that he came over and said he wanted to kill Laura?

Kim: Oh, three times.

PO: A minimum of three?

Kim: Yeah, a minimum of three. It was three at least.

PO: So he had made several references during this two month period of his desire or hatred or frustration, however you want to work it, with Laura?

Kim: Yeah.

PO: Okay. Did he have any problems with Laura's current boyfriend?

Kim: Jealous. Just jealously. He had a job, he was working.

PO: Do you know who he is?

Kim: Ryka....

7709

04188

PO: You know .....

Kim: No.

PO: And he had some problems with him just because of his social status?

Kim: Just jealousy. Just being the man he wanted to be.

PO: Did they get along pretty good?

Kim: Not that I know of.

PO: Did you ever see them together?

Kim: No, I did not.

PO: Would it be normal or do you have any knowledge of Andre being over at Laura's apartment while \_\_\_\_\_'s there?

Kim: No way. No, I don't see how that can happen.

PO: Couldn't have happened?

Kim: No. I don't see that happening/.

PO: Even to see his kids?

Kim: No. I don't see that happening.

PO: Why not?

Kim: Because this \_\_\_\_\_ between \_\_\_\_\_, Andre, Andre was very jealous of \_\_\_\_\_, very jealous. He was very jealous, very upset about what happened. So he just like, you know, that \_\_\_\_\_ was taking his grounds.

PO: Would it have been conceivable for Andre to come over there under the guise of seeing his boy to try talk her into going back with him and dumping \_\_\_\_\_ while...

Kim: Oh, yeah. Most definitely. Andre was smooth. He could talk. He could talk, even though Andre had his problems, he could talk women..he was really smooth.

PO: Well, seemed very smart the time we talked to...

Kim: Oh, yeah. He's intelligent in certain ways. But then again, he's not, you know. But as far as being on the street or dealing with other people, he was smart, but as far as emotional,

0770

04199

emotional items and family and physical things, he wasn't smart at all. He was definitely not there.

PO: Alright. Its 13:31 hours and that will conclude this statement.

04438

11096

JANET M. KAMRAS  
CERTIFIED SHORTHAND REPORTER

AT011125

1 Q. Crossroads?

2 A. I was up at like 12:00. When I dropped him it  
3 was like 10:00.

4 Q. Are you talking about Andre Thomas?

5 A. Yeah.

6 Q. Whose house did you drop him off at?

7 A. At his own house.

8 Q. At his own house?

9 A. Yes.

10 Q. Are you friends?

11 A. No. We are not friends but not enemies. We  
12 share our baby's mama.

13 Q. Do you have a child by this girl named Laura?

14 A. Yes. He does too.

15 Q. He does too?

16 A. Yes.

17 Q. So which way was he going when you passed him?

18 A. Towards my apartment. I saw him and I called  
19 Laura's dad and told him. I told him to go check on  
20 Laura to call or whatever.

21 Q. He was walking westbound?

22 A. Westbound.

23 Q. On what street?

24 A. McGee.

25 Q. So you called Laura's father?

04439

11097

1 A. Uh-huh.

2 Q. What did you tell him?

3 A. I told him that --- I made it real short. I  
4 said, "You know, I just said I trying to call Laura. I  
5 wish you would go over there to check on her or whatever  
6 because I saw Andre this morning, you know, walking.

7 Q. You were on your way to work?

8 A. Yeah. He was walking like towards our  
9 apartment and stuff. And last night I am pretty sure he  
10 overheard me say that I had to go to work at 5:00 in the  
11 morning.

12 Q. You saw him?

13 A. Yes, he came by to see his son last night.

14 Q. Did you stay there with them?

15 A. Yeah, because he makes ~~her~~ nervous. That was  
16 the only reason why I stayed there with her last night.

17 Q. How long did he stay at the apartments last  
18 night?

19 A. About two hours or three hours. I don't really  
20 remember.

21 Q. About when to when? Do you remember?

22 A. Last night?

23 Q. Uh-huh.

24 A. Let me see. He probably stayed there two  
25 hours. He probably got there about eight.

04400

1 Q. What was his conversation like with Laura last  
2 night?

3 A. I didn't hear most of it. I was in the back  
4 room. When I came to the room, mostly he was talking to  
5 me. Please tell me what is going on. Did he do  
6 something to her?

7 Q. You did not actually hear their conversation.  
8 What was their demeanor like between the two of them?  
9 You know, were they angry with other, happy with each  
10 other or somewhere in-between or do you know?

11 A. He was pretty calm. Laura was quiet. He was  
12 quiet.

13 Q. You said that you saw him walking westbound on  
14 McGee and Lockhart?

15 A. Uh-huh.

16 Q. Did you start calling her apartment then? You  
17 had told me you had tried to get a hold of her and  
18 couldn't.

19 A. Well, I went to work and I, you know. I had to  
20 jump in there and help everybody because I was like an  
21 hour or so late. I had to get right to it. Then after I  
22 calmed down, that is when I started trying to call. He  
23 could have been at my house by now. I started calling.  
24 That is when I called Laura's dad.

25 Q. You did not start making phone calls until

11099

11131

1 after you got to work?

2 A. Yes.

3 Q. Then you called her dad to ask him to go check  
4 on her?

5 A. Uh-huh.

6 Q. Had her dad called you back yet?

7 A. No.

8 Q. Have you tried to call her dad or the apartment  
9 back?

10 A. No. I just figured that her dad would handle  
11 it. He said he would go get his clothes on and go right  
12 over there. Did he do that? Please tell me. I can't  
13 answer any more questions until I know what is going on.

14 Q. Well, I have to inform you. What are the  
15 children's name?

16 A. [REDACTED] and [REDACTED].

17 Q. All three of those people are dead.

18 A. What? No. No. No. You are lying to me. No.

19 Man. No. Why, Man. Damn. No. Man. No. Man. No.  
20 No. Laura is alive. She is okay? Laura is dead? Laura  
21 is dead? My baby? No. Oh, man, No. God. No. Man.

22 No. Damn. No. Where is Andre at? Is he gone?

23 Q. He is gone.

24 A. Oh, man.

1 A. Oh, man. Please. God. God.

2 Q. We are just now starting our investigation.

3 A. Oh, my Lord. God. Please. We listened to  
4 the church on the radio last night. Where is Paul?  
5 Where is her dad, Paul?

6 Q. He is at the hospital with the other family  
7 members. There are a lot of elderly family members.

8 A. No.

9 Q. He is with them because of their health. We  
10 will get through this.

11 A. I don't want to go back to work. I need my  
12 mama. I want to go to my mama's house. No. Man. Oh,  
13 man. They can't be dead.

14 Q. I wish I could tell you different, but I can't.  
15 We have just started the investigation. Okay? We don't  
16 know who did it.

17 A. Oh, my baby, my daughter. Oh, my Lord, oh,  
18 man, damn, no.

19 Q. When you left the apartment this morning, was  
20 everybody asleep?

21 A. Yes.

22 Q. How big of an apartment is that?

23 A. It is a two bedroom with a bath and a kitchen.

24 Q. Do the kids sleep in the same room together?

25 A. Yes. They both slept in the same room

04493

11101

1 together. Man. I can't even remember. I left in so big  
2 of a rush. I don't know if I locked the door.

3 Q. Did you oversleep?

4 A. Yes, I did.

5 Q. Have you done that before?

6 A. Yes.

7 Q. Do you do that every once in a while?

8 A. Oh, man. Lord. Why? Damn. No. Damn. Damn.

9 Oh. Are you sure that everybody is dead? Everybody?  
10 Nobody is in intensive care or nothing? No. God. No.  
11 Damn.

12 Q. Bryan, right now we don't know who did it.

13 A. He did it. He did it. I know he did it. I  
14 know he did it.

15 Q. Why would you say that he did it?

16 A. Because I know he did it. I know he did it.  
17 He came over last night talking about two nights before.  
18 He was trying to kill himself.

19 Q. Why was he trying to kill himself?

20 A. Because he thinks he is a fallen angel. He  
21 thinks he will open up the gates of hell or whatever.  
22 Damn. Man. Why. Man. Damn. I had this feeling. I  
23 had it ever since last night. I had this feeling. I  
24 promise you I had this feeling like Andre would kill  
25 somebody. I had this feeling.

04494

11102

1 Q. What gave you that feeling?

2 A. Just I had that feeling, that it was a feeling  
3 that was telling me, Brian, don't go outside like you  
4 always do or about anything that you do. I had this  
5 feeling. I was like, no, no. It was nothing he was  
6 doing or nothing like that. Man. God. Damn. My baby.  
7 Oh, my baby. Oh boy. Oh boy. They can't be dead. Man.  
8 Oh.

9 Q. So how did you drive to work this morning?

10 A. I left the apartment complex. I left on  
11 Taylor. I turned on --- It starts with W. Wharton. I  
12 turned right on Wharton. I went left on McGee and I saw  
13 him leaving Paul's house like he was walking. He either  
14 cut across the grass or he was leaving their house. God,  
15 man. Why did I not do something? I know it. I was  
16 going to work. I know he heard it.

17 Then when I saw him walking, it got me  
18 worried and I was like he is going over there. I know he  
19 is going over there. He is going over there. Why was he  
20 out that time of the morning, you know.

21 Q. Has he or anybody else ever threatened her or  
22 you?

23 A. He never threatened me.

24 Q. Has he ever threatened her that you know of?

25 A. Not that I know of, but she tells me he is

1 crazy all the time. Man. Damn. My baby is gone.

2 Q. Do you know of anybody that ever threatened  
3 her?

4 A. Man, Andre did it. Andre did it. Andre did it.  
5 Andre did it. I promise to God that Andre did it. I  
6 don't know that he did it, but I know he did it. Damn.  
7 Man. No. My Lord.

8 Q. Did you see her parents?

9 A. He did it. He did it. I know he did it. Just  
10 find it. Put him down in the jail. Oh, Lord. Oh, man.  
11 That crazy bastard.

12 Q. Was she having problems with anybody else?

13 A. No. Andre is the only one. No problems. No  
14 problems. He came over there. Today is Saturday. On  
15 Friday, Saturday. On Thursday night he came over. He  
16 came over Thursday night. He was drunk. Laura cussed  
17 him out and told him don't ever come over and visit his  
18 son like that. He walked in the door. He fell face down  
19 on to the floor. He said, "I don't want to talk to him."  
20 Laura told me he was taking some pills. My baby is gone.  
21 Damn. Jesus. Damn. I can't stay here. I have to go.

22 Q. If you would stay with us for just a little bit  
23 longer because ---

24 A. I need to be around my family, man. I need  
25 somebody. Man. I need --- My family is gone. Damn.

1 My brand new baby. I can't believe it. Oh, man. My  
2 baby is not dead. Man. Man. Man. Man. Man. Oh, God.  
3 He killed everybody?

4 Q. Somebody did.

5 A. He did it. He did it. My baby is dead. My  
6 baby is dead. Oh, God. No. No. Oh, man. Shit. I  
7 don't know if I locked the door.

8 Q. Right now I don't have any of those details. I  
9 just have the basics. I don't have any of the small  
10 details yet, okay? But if you will give us a few minutes  
11 and Bryce wants to come back to talk to you.

12 A. I don't want to talk to him. I want to see my  
13 family. I want to see my mama. I want to see Paul. I  
14 want to see somebody. I tell you, man. I just --- I  
15 can't.

16 DIRECT EXAMINATION

17 BY DETECTIVE BRYCE:

18 Q. Would you give us just a few minutes? I need  
19 for you to help us so we can be able to help you. The  
20 only way for you us to do that is for you to sit down. I  
21 know it is traumatic. But listen to me.

22 A. I want to see my family.

23 Q. You can not go over there right now. Okay? We  
24 are over there taking care of what we have to be able to  
25 take care to help you. We need to know what happened

**11105**

1 this morning and what is going over there.

2 A. My baby is dead. Man. Damn. I just can't  
3 believe it. I just know she is at home. She is not  
4 dead. She is dead?

5 Q. Unfortunately.

6 A. All three are dead?

7 Q. Yes, sir. That is why we need your help to be  
8 able to catch the person that did this.

9 A. Andre did it. Andre did it.

10 Q. I know it is very difficult right now. But  
11 everything that is happening, I know it has totally  
12 blind-sided you. But we need help to get the person that  
13 did this behind bars and make them pay for what they did.  
14 To do that we need to start with you. This is not  
15 something we can come down to tell you at work. For  
16 obvious reasons it would not been appropriate.

17 A. My baby. Man.

18 Q. So bear with us and we will help you every way  
19 we can but we need your help to be able to put it  
20 together. Okay? I know it is tough. Talk to Officer  
21 Bell here and he will help you any way that he can. I  
22 promise you. Okay?

23 A. Okay.

24 DIRECT EXAMINATION

25 BY OFFICER BELL:

14438

11106

1 Q. So you took Andre back home last night at about  
2 10:00 or so?

3 A. Right. Uh-huh.

4 Q. Did you come straight back to the apartment?

5 A. I went by my friend's house. I stayed there  
6 until about 10:50. Then I went straight home.

7 Q. Who was your friend?

8 A. Sean Williams.

9 Q. Where does he live?

10 A. It is over by Crutchfield. It is over by the  
11 school and alongside the church. That mother fucker took  
12 everything that I had. One of them is King Street and  
13 one of them is Willow.

14 Q. So you went down Dewey and so you did you take  
15 a right or a left on Wells?

16 A. You turn right on Wells.

17 Q. So then you came home?

18 A. Yes.

19 Q. You got home at what time?

20 A. 11:00.

21 Q. Was everybody still up?

22 A. No. I went to bed. Laura was asleep. I was  
23 going to let her sleep and I went to bed and I laid down  
24 next to her.

25 Q. You got up this morning?

04409

11107

1 A. Yes.

2 Q. A little late?

3 A. Yes. The first thing I said was, "Damn. I am  
4 late." She said, "Well, Honey." She woke up for a  
5 second. I said, "I love you. Bye-bye."

6 Q. When you left, everybody was still asleep?

7 A. Everybody was still asleep.

8 Q. That is when you were on your way and you  
9 noticed Andre in the area when you went to work and you  
10 later called her dad; right?

11 A. Yes.

12 Q. As far as you know, she was not having any  
13 problems with anybody else? Did you and her have any  
14 problems?

15 A. No. I just loved my wife.

16 Q. How long had you known her?

17 A. About three years.

18 Q. Where did you meet her?

19 A. Up at Church's Chicken.

20 Q. Did you work there together?

21 A. No. She was there. I worked at Con-air. I  
22 went there for fries, you know.

23 Q. Was she married to anybody then?

24 A. She is still married to Andre.

25 Q. How long? When did they get married? Do you

11108

04500

JANET M. KAMRAS  
CERTIFIED SHORTHAND REPORTER

1 have any idea?

2 A. No. I was married to Jennifer. She was  
3 married to Andre. It was like one of those things where  
4 we would see each other and we became good friends. We  
5 fell in love and we both left, you know, Jennifer and  
6 Andre to be together.

7 Q. How long have you all been together?

8 A. About two years.

9 Q. That whole time did you all live together or  
10 have you seen each other or live together were you apart  
11 some? How did that work?

12 A. For the last three years I have been staying  
13 between her and Jennifer and my mom.

14 Q. Did she know you were still seeing Jennifer?

15 A. No. I stop seeing Jennifer, a long time ago  
16 right before she got pregnant with [REDACTED]. I was sleeping  
17 with them both. Like after she got pregnant with [REDACTED],  
18 shit hit the fan and Jennifer found out I was cheating on  
19 her with her and I had to chose and I chose Laura.

20 Q. When was that that you made your final choice  
21 on which girl to be with?

22 A. About few years ago. Two years ago.

23 Q. So do you remember how old the two children  
24 were?

25 A. [REDACTED] just turned one and [REDACTED] was four. I

11109

04501

1 know he did it.

2 Q. We are trying to find out.

3 A. I know he did it. She was my whole world. She  
4 wore the world on her shoulder. She would give anybody  
5 anything. That is why she was with him in the first  
6 place because she was too damned nice. I mean, did I  
7 lock the door? Did I lock the door?

8 Q. I don't have any of those details.

9 A. Man, I don't know if I will be able to live  
10 with myself if I walked off and left that door unlocked.  
11 He just walked in there.

12 Q. All of that will be brought out in the  
13 investigation sometime later on. We would let you know  
14 how that was because I don't have any idea. I have only  
15 been out there about five minutes and they sent me with  
16 Detective Smith to get you so I don't have any of the  
17 details.

18 A. He is crazy. He probably figured I took Laura  
19 from him and his son and that, you know, I get that  
20 payback thing. He is crazy. He is crazy.

21 Q. Has he shown any threats toward you since you  
22 and Laura have gotten together?

23 A. I am bigger than he is. He is afraid. He  
24 won't show any resistance to me. I know he probably has  
25 it in his heart, but he definitely won't show it. Man, I

04502

1 can't believe this, Man. No, Man.

2 Q. Would he come over when you were not there?

3 A. He would try to. He would try to get Laura to  
4 leave with him and stuff too. I said, no, that is not  
5 flying.

6 Q. So when you were there, did you just like go in  
7 the other room while they visited with the kids or what  
8 did you do?

9 A. ~~No~~ No, I usually go in my room or something like  
10 that ~~unless~~ she wants or sometimes she wants me out there  
11 because he is unstable. You could ask anybody. He is  
12 very unstable. You know, when I would leave out the  
13 room, I would turn the TV down in my room so I could  
14 still hear their conversation. Do you know what I am  
15 saying? You know I am just --- I am not seeing --- I  
16 give them their privacy.

17 Q. Did he go over there when you were not there?

18 A. Sometimes he did.

19 Q. Did she ever say what he did when he came over  
20 when you were gone?

21 A. She --- Man. No. My baby. My baby. Shall I  
22 go to the apartment?

23 Q. You can't get in. It is the scene of a crime.  
24 It is a crime scene.

25 A. Are all the bodies found?

04503

**11111**

1 Q. I believe so. You said you called on your cell  
2 phone and you asked Paul to check and he said he would  
3 come over there?

4 A. Yes. Man. When I was at work, I had this  
5 feeling. We talked about it, not about him, but about  
6 his family. My boss knows his family, his brother knows  
7 his daddy.

8 Q. Is that who you were talking to today?

9 A. Yes.

10 Q. Is it Ramsey?

11 A. Yes.

12 Q. You talked to him a few times about it?

13 A. About how all their family is crazy or they  
14 have all been touched by something. They are all crazy.  
15 Man. Man. No. Man.

16 Q. Did they call you at work this morning? How  
17 was that?

18 A. Yes. Oh, man.

19 Q. I will be right back.

20 A. Can I make a phone call or something? Could I  
21 talk to my mama?

22 Q. Hang on.

23 A. Could I smoke a cigarette?

04504

24 Q. If you want to smoke, I will take you out here  
25 in a second so you can smoke. Do you have it with you?

**11112**

1 A. Yes.

2 Q. Wait a second.

3 A. I need my family. I want to go to church. I  
4 need that.

5 Q. We have an investigation. I know it is hard on  
6 you right now but if you will bear with us for a little  
7 while, we will get you to the people and the places that  
8 you need to be as soon we can. Okay. Do you understand?  
9 As soon we can, we will get you to do that. Just bear  
10 with us for a few minutes. I know a few minutes right  
11 now seems like forever to you. Okay? Right? We will  
12 get you with your family and friends and family as soon  
13 as we can.

14 A. Has anybody found him yet?

15 Q. We called everybody in. They are all out there  
16 working and looking and doing everything that we need to  
17 do.

18 A. Oh, man. Oh, man. Damn. No. Lord, no. I  
19 can't believe it. I can't believe it. All the babies  
20 are dead? That bastard. I can't think of nobody else  
21 that could do that. I beat my life on it.

22 Q. Why would you make that statement? What gives  
23 you that feeling?

24 A. Well, his past history.

25 Q. What is that past history?

04505

**11113**

1 A. He stabbed his brother, Brian, and he always  
2 was talking--- I mean he tried to kill his self, you  
3 know.

4 Q. How did he do that? How did he try to do that?

5 A. He stabbed hisself in the heart or tried to.  
6 He could not push it in. He said he stabbed the knife.  
7 He lifted up his shirt right here. He had a gash right  
8 there where he said he tried to stab hisself.

9 Q. When did he do that?

10 A. It was last night. When he showed me that last  
11 night. That is when I saw him walking down the street, I  
12 was definitely worried.

13 Q. Last night at the apartment he showed you where  
14 he tried to stab his self?

15 A. Yes.

16 Q. On the heart side or the other side? Which  
17 side?

18 A. Right here. Close to the middle right there.

19 Q. Describe what it looked like. Did it look  
20 fresh or old?

21 A. It looked fresh. It was about two days ago or  
22 a day ago.

23 Q. He told you what was where he tried to stab  
24 himself?

25 A. Yeah.

1 Q. Why did he say that? Why did he try to do  
2 that?

3 A. I didn't ask because I was ready for him to go  
4 home at that point.

5 Q. I guess you were already stressed from the way  
6 he was talking; right?

7 A. ~~He has~~ always been talking crazy. Ask anybody.  
8 Ask anybody.

9 Q. Let me ask you this question. Okay? I have to  
10 ask you this question. It is just part of the  
11 investigation.

12 A. Go ahead.

13 Q. Did you hurt those people? Did you kill those  
14 three people?

15 A. No, I did not, with all my heart. Man, I can't  
16 believe they are dead. I cannot believe it. They can  
17 not be dead. They are in intensive care in the hospital?  
18 Right?

19 Q. No.

20 A. Man. No. No. Where is the family at? Her  
21 family? Where is her family at?

22 Q. The last time I was there, they were all at the  
23 hospital because there being several elderly people in  
24 the family. They decided to call them all into the  
25 hospital to talk with the family so if somebody had a

11115

04507

1 heart attack or something. Because I understand there  
2 are several elderly people. They were afraid that when  
3 they heard the news, those people, if they were anywhere  
4 other than the hospital, they might have medical  
5 problems.

6 The last time I heard that is where they  
7 were. Part of the reason we want you here with us is  
8 because ---

9 A. I will not hurt him.

10 Q. While the investigation is pending to get it  
11 straight. First, we needed to talk with you because  
12 apparently you were the last one that was with them and  
13 on top of that we don't need you out there running around  
14 looking for somebody we are not sure. We don't even  
15 know. Right now we don't know who not did it. It could  
16 be you. You could have done it; right? Could you have  
17 done it?

18 A. Okay.

19 Q. Could Andre have done it? We don't know.  
20 Maybe the maintenance man done it. Anything is possible.

21 A. I know for sure he did it. I know for sure.

22 Q. That is why we need you here with us for two  
23 reasons: To help us and when the police start off and we  
24 don't need you running around there looking for somebody  
25 that you may not need to be looking for. Do you 04508

11116

1 understand?

2 A. I will not go around looking. Knowing Andre he  
3 won't be hard to find. He won't run too far.

4 Q. Whoever did this, we will do the looking and we  
5 will find him.

6 A. Would you please find Andre? He did this. He  
7 did this. I know you all you have to say everybody is a  
8 suspect. I know who did it. If you concentrate on that  
9 right there, that will help your investigation out.

10 Q. We have a lot of people working on it right  
11 now. We will find him and we will go from there. Do you  
12 understand why we have to keep you with us for a while?

13 A. Yes, I understand.

14 Q. That is why as soon as we can we will get you  
15 with some family we will do that.

16 A. That is where I want to be, Man. Take me over  
17 to my mama's house. Nobody in my family knows. Is there  
18 anybody in my family who knows?

19 Q. We only know you. We appreciate you working  
20 with us. Okay? Do you understand that? I appreciate  
21 you taking the time.

22 A. Yes.

23 Q. Whose apartment were you over at?

24 A. Laura's apartment. Man, I am telling you, man.  
25 I don't think she is dead. Oh. My babies are dead too.

5 some way. Are you sure they are not at the hospital?

6 Q. I don't have any of those details.

7 A. That is what I am saying. You are not for sure  
8 they are dead then; right?

9 Q. Yes, they are.

10 A. No. Damn. No. Damn. No. Oh, man. No.

11 Q. I wish I could tell you different. We don't

13 A. Okay.

14 Q. We just don't do that. The only time we  
15 contact people is like this when it's a fact.

16 A. He was wearing all black too.

17 Q. Who was wearing all black?

18 A. Andre. He was wearing all black. Black  
19 overalls, black shirt, black shoes.

20 Q. Is that unusual for him?

21 A. Yes, it is unusual for him.

22 Q. What have you seen him wearing in the past?

23 A. Colors. He liked lots and lots of colors.

24 This morning he was wearing all black. He had on black  
25 overalls, black shirt and black shoes. I was driving and

2 Bryan, what is up?

3 Q. You called, was his name Paul?

4 A. Yes.

5 Q. Did you tell him that you had seen Andre?

6 A. Yes. I asked Paul. I said, "Paul, did Andre  
7 go over to your house this morning?" He was like, "No.  
8 He just woke up." I said because I saw him over there by  
9 your house. You know, it looked like he was coming  
10 towards our house. You know I don't trust him. I asked  
11 him to check on them. He said, "All right. I will go  
12 over there." He sounded like he was fixing to go up to  
13 go right over there. But I know her dad, he  
14 procrastinates a little bit. I have that too. Damn.  
15 Damn.

16 Q. Does Laura spend the night at her parent's  
17 house very often?

18 A. No. She always stays at her apartment. He  
19 always goes over there to talk to her parents and stuff.  
20 He talks to them. He is just crazy. They worry about  
21 her safety because of him too.

22 Q. Between the time you saw him at Lockhart, how  
23 long did it take you to get to work from that point?

24 A. About five minutes. Not even that. Three  
25 minutes.

04511

**11119**

1 I would hang up and I would call back. I did that for  
2 maybe five or six times.

3 Q. Does she usually pick up the phone pretty easy?

4 A. No. She is a hard sleeper. That is if I left  
5 with that door unlocked, I let that happen to my family.

6 Q. Don't think about that right now. The  
7 investigation will determine how entry was made. Okay?  
8 Don't worry about that part.

9 A. Oh, man. I had that feeling. I had that  
10 feeling when I saw him walking this morning. When I was  
11 at work I had that feeling. If I just did something  
12 about it, they would be alive. My baby is not even a  
13 year old. Oh, my God. No. Man. Man. What else do you  
14 need to know? I need my family. I need to lean on my  
15 family.

16 Q. I understand that. We still need you here for  
17 a little bit. We still need you here for a little while  
18 longer. Can you think of anybody else that you ever  
19 heard of having problems with lately?

20 A. Nobody would ever want to kill Laura except for  
21 Andre.

22 Q. Did he ever threaten her?

23 A. He is the only one.

24 Q. To the best of your knowledge has anyone ever  
25 threatened her with any type of harm?

04513

1 A. Other than Josh did. He was the one. Her and  
2 Josh broke up. That is who she was going out with when I  
3 met her. That is when she was still married to Andre.  
4 Andre was trying to win her back.

5 Q. How did he try to win her back?

6 A. Call her, you know.

7 Q. Who is Josh?

8 A. He was the one that cut that girl's leg up  
9 trying to run to Mexico. Do you remember?

10 Q. Yes. White kid?

11 A. White guy. Yes. There was always something.

12 Q. You talk about Josh?

13 A. He is the only other person I would know that  
14 would threaten her.

15 Q. Josh?

16 A. Yes.

17 Q. Was there anybody else that you know of?

18 A. No.

19 Q. Was anybody there anybody that threatened you  
20 recently?

21 A. No.

22 Q. Do you understand when we do an investigation,  
23 we can not limit it to one person.

24 A. Yes.

04514

25 Q. We have to look at everybody. We talk with

1 everyone, you know, and everyone that is close to you.

2 Did she have some problems with anybody?

3 A. No.

4 Q. Where did she work?

5 A. KFC.

6 Q. Laura Boren? B-o-r?

7 A. I am sorry. My mind.

8 Q. B-o-r-e-n?

9 A. I don't know.

10 Q. Has she ever been married to anyone else?

11 A. Laura.

12 Q. No. Besides her?

13 A. Nobody besides Andre.

14 Q. Are there any other ex-boyfriends that might be  
15 mad at her for some reason?

16 A. No.

17 Q. Do you have any ex-girlfriends that might be  
18 mad at you?

19 A. No.

20 Q. Did you say Jennifer accepted the break-up?

21 A. No. I almost sent my kids over there today  
22 too.

23 Q. Your kids being?

24 A. The kids that I and Jennifer have together.

25 Q. How many do you have?

04515

1 A. Two. She was trying to get me to come get them  
2 last night before I went to work this morning. Laura  
3 would have all those kids by herself.

4 Q. How many are there with Jennifer?

5 A. Two. And the oldest one. So three with  
6 Jennifer and I don't know if the oldest one is mine.  
7 Damn. She would have the kids to look after.

8 Q. Did you have any problems with Jennifer?

9 A. No. You could ask anybody. Even if he tried  
10 to go over there, Andre, he has been talking to her  
11 parents, talking to her alone. He tried to talk to her  
12 alone. I don't want to have any problems with him. Do  
13 you know what I am saying? Last night I had that  
14 feeling. I had that feeling. I thought he just wants to  
15 talk to her when I am not around so he can try to force  
16 her to get back together with him.

17 Q. Did she show any concerns about him or anybody  
18 else?

19 A. Yes. Him. She did not want to be alone with  
20 him. She told me. He could not keep little [REDACTED] by  
21 himself any more.

22 Q. Why did she say that to you; do you know?

23 A. Because she told me that Andre had messed with  
24 him so ---

25 Q. When she told him he could not be along with

04516

1 him, how did he take that?

2 A. He took it pretty hard. But she told him if he  
3 wanted to see him, he could come over here when Bryan is  
4 here, you know, like that.

5 Q. Were there any other problems?

6 A. No. I can't believe she is dead.

7 Q. Like I said a while ago right now we wanted to  
8 be sure. We needed to talk to everybody involved.  
9 Anybody might have seen her or been around. Do you know  
10 what I am saying?

11 A. That takes a little bit of time.

12 Q. Do you know what? Do you still want to go  
13 outside to smoke a cigarette?

14 A. Yes.

15 Q. Let's do it then.

16 (End of the proceeding.)

# **Exhibit 127**

## **Grand Jury Testimony of Shirley Whitley**

1 April 22, 2004.

2 (Grand jury room).

3 MR. BROWN: All right.

4 Shirley Whitley,

5 having been sworn, testified upon her oath as follows:

6 DIRECT EXAMINATION

7 BY MR. BROWN:

8 Q. Would you introduce yourself to us, please,  
9 ma'am?

10 A. My name is Shirley Whitley.

11 Q. And Mrs. Whitley, this is the Grayson County  
12 Grand Jury. I am Joe Brown, the Grayson County Attorney.  
13 We just met outside;- is that right?

14 A. Right.

15 Q. This is Janet Kamras. She is the court  
16 reporter. She is writing down everything that we say.  
17 Have you ever given a deposition before?

18 A. No, I haven't.

19 Q. One of the things because Mrs. Kamras is taking  
20 things down and if you would help me by answering out  
21 loud as opposed to a nod of the head or shaking your head  
22 or huh-uh or huh-huh. Normally we use that in  
23 conversations, but when we have it transcribed it does  
24 not come out so if you could help me and answer out loud.  
25 If I prompt you on that, I am not trying to be rude. But

2950

1 Q. And before that it was non health care related?

2 A. Non health care related.

3 Q. And typically, do you remember what day of the  
4 week would this was when Andre Thomas came in?

5 A. I believe it was Friday. I am pretty sure it  
6 was Friday.

7 Q. What is your shift? What hours do you work?

8 A. I work 7:00 AM to 3:00 PM.

9 Q. Is it typically your responsibility to be the  
10 triage nurse?

11 A. No. Different ones do it every day.

12 Q. They keep everybody fresh.

13 A. Basically, I was not even the triage nurse that  
14 day. I was out there because she was busy doing  
15 something else.

16 Q. Describe for us what the responsibilities of  
17 the triage nurse are.

18 A. You come in contact with the patient first. So  
19 you assess the patient physically and mentally to  
20 determine what level their care or what acuity is their  
21 care. You determine should they be treated right now or  
22 could they wait a few minutes or that type of thing.

23 Q. You fill out the paper work on them?

24 A. Yes, we do.

25 Q. What kind of paper work do you fill out?

2952

1 A. We have a form that we start that is the  
2 patient's care plan. We have that form that we start on  
3 every patient that comes in.

4 Q. Could you look at the records there at exhibit  
5 one and tell me what forms you would have been  
6 responsible for filling out? I have the page numbers  
7 down here and if you could for the record, if you as you  
8 talk about a page, refer to the page number?

9 A. On page number two I would fill out the top  
10 portion of that down to the medication.

11 Q. The top left column?

12 A. Well, actually down to where it says triage  
13 nurse.

14 Q. It has your signature?

15 A. It has my signature, yes.

16 Q. What else would you fill out?

17 A. There is a care plan that we start right then.  
18 The pages twenty-five and twenty-six is the front and  
19 back of this form.

20 Q. And what is that form used for?

21 A. This is our nursing care plan. This is the  
22 triage nurse starts this. She fills out down to the big  
23 black line and then the line directly below that  
24 assessing their pain level. That is part that the triage  
25 nurse fills out and their past medical history, surgical

1 history and social history and then psych history or  
2 barriers to learning I should say if they are not able  
3 to.

4 Q. So page two and pages twenty-five and  
5 twenty-six would be the only pages that you filled  
6 anything out on?

7 A. Yes.

8 Q. And do you have any backgrounds or specialized  
9 training in mental health care or psychological issues?

10 A. No, I do not have. We had to take courses in  
11 nursing school for sociology and a psych course, but  
12 other than that, I do not have. I did work at the  
13 Behavioral Health Center for just as an as needed nurse  
14 to fill in occasionally. I had done that in the past.

15 Q. How much contact have you had with people who  
16 exhibit issues when mental illness comes up?

17 A. Normally, what we deal with in the emergency  
18 room, we assess the patients. We have to do a physical  
19 assessment. If they come in as a psych patient, we do a  
20 physical assessment to determine their physical  
21 condition. And that is the only part that I do.

22 Q. So nothing --- You don't claim any expertise  
23 in any psychological treatment or evaluating a person  
24 that comes in with a psychiatric condition?

25 A. No, I did not.

2954

1 Q. What time did Andre Thomas come in on that day?

2 A. He came in at 7:15.

3 Q. 7:15 AM?

4 A. Yes..

5 Q. This was March the twenty-sixth?

6 A. Yes.

7 Q. Do you think that is a Friday?

8 A. I think it was. I am pretty sure it was.

9 Q. I want you to as detailed as you can, to walk  
10 us through everything that you observed, I mean, sparing  
11 no detail with regards to Mr. Thomas, when you first made  
12 contact with him.

13 A. Until nine o'clock we don't have a nurse that  
14 sits at that triage desk because we don't have the staff  
15 until 9:00. We have extra staff that comes in at that  
16 point and then someone sits out there all the time.

17 But until that point the girls in  
18 registration will ring a bell back there that we have a  
19 patient out there. So they did that and I went out to  
20 talk with them. And he was standing in front of the  
21 triage desk and I said, "Can I help you?"

22 Q. Describe what you saw. Describe the person.

23 A. He was a young, black male. He was twenty-one  
24 years old. He had on work clothes, blue work clothes.  
25 As I say, he was just standing there.

2955

JANET M. KAMRAS  
REGISTERED PROFESSIONAL REPORTER

AT002915

1 Q. When you say work clothes, describe them.

2 A. Well, actually I remember they were Dickey's  
3 work clothes, blue.

4 Q. Cover-alls?

5 A. No, not cover-alls. A pair of pants and a  
6 shirt. They were just blue work type, you know, that a  
7 laborer would wear.

8 Q. You look through a window at him?

9 A. No. He was standing directly. He was as close  
10 as she and I.

11 Q. And you see him. Did he look in any distress?

12 A. No, not at that point. He was just standing.  
13 I said, "Can I help you?" And he said, "No. No. I am  
14 going to be okay. You can't help me." And he went back  
15 out the door.

16 Q. Was there anybody else in there with him?

17 A. No, he was alone.

18 Q. Did you ever see anybody else with him?

19 A. I did not.

20 Q. Do you know how he arrived?

21 A. I don't because I wasn't out front when he came  
22 in. I don't know how he got there.

23 Q. He never said anything about how he arrived?

24 A. He did not say anything, no.

25 Q. So you see a young black male standing there in

2956

1 work clothes and you asked him if you could help him and  
2 he says, no?

3 A. He said, "No. I will be okay. I don't need  
4 any help." And he left. He went back out the door.

5 Q. What did you do?

6 A. I went back into the emergency room. Then  
7 about five minutes later, the bell rang again. So I  
8 walked out there and he was standing there again. I  
9 said, "Hello. Can I help you." He said, "Yeah. I do  
10 need some help." So I had him sit down in the chair  
11 there at the triage desk.

12 Q. At that point did you see anything unusual?

13 A. No, not at that point.

14 Q. Do you have idea what the issue was?

15 A. Right then, no, I do not.

16 Q. Keep on going.

17 A. I said, "Can I help you." He said, "Yes. I  
18 need some help." I said, "Okay. Are you sick? He  
19 said, "No. I am not sick." I said, "Are you hurt?" He  
20 said, "No. I am not hurt." I said, "Would you like to  
21 talk with one of our behavioral health counselors?"  
22 Because he would not answer. Actually, he said, I am not  
23 sick. I am not hurt. I said, "Do you need to talk to  
24 one of our behavioral health counselors?" He said,  
25 "Yeah, I think I do. I need some help."

2957

1 Q. Why did you ask him if he needed to talk to one  
2 of the behavioral health counselors?

3 A. If he wasn't sick or he wasn't hurt, he  
4 obviously needed something other than physical care.

5 Q. Did he act nervous?

6 A. Yes. Yes, he did. He was like this.

7 (Indicating) When he was sitting there, he was like  
8 this. That was his demeanor.

9 Q. You have your legs together and your hands in  
10 your lap and your head down?

11 A. Right.

12 Q. So what did you do then?

13 A. Well, I assess his vital signs.

14 Q. When you were asking him the questions about  
15 were you hurt and did you need help and what did you ask?

16 A. Was he hurt? Was he sick?

17 Q. Did it appear that he understood what you were  
18 asking him?

19 A. Yes.

20 Q. Were his responses appropriate?

21 A. He said, "No, I am not sick. No, I am not  
22 hurt. I just need help."

23 Q. Then you assessed his vital signs?

24 A. Right.

25 Q. How did you do that?

2958

JANET M. KAMRAS  
REGISTERED PROFESSIONAL REPORTER

00178

AT002918

1 A. Well, I take a blood pressure, a pulse rate,  
2 temperature, respiration rate, and a pulse-ox rate which  
3 tells oxygen concentration in the blood.

4 Q. Are those all done through tests that you do to  
5 him? In other words, did he have to respond to you in  
6 any of these tests?

7 A. No. These are, you know, physical assessments.  
8 This is with instruments.

9 Q. Did he seem to understand what you were doing?

10 A. Yes, he did.

11 Q. Was there anything unusual about taking these  
12 signs?

13 A. No, not at all very normal. The pulse rate was  
14 a little bit high for his age. It is a little above  
15 normal.

16 Q. That is not unusual?

17 A. Well, not unusual if you are upset or nervous.

18 Q. All right. Then what did you?

19 A. Then I asked him if he would go ahead, well, I  
20 asked, you know, first of all, I asked him, "Are you  
21 schizophrenic?" I did ask him that. And he said, "No.  
22 I am not." I said, "Do you have any contact with Mental  
23 Health-Mental Retardation of Texoma" because that is who  
24 we would call had he had contact with them. "If he had  
25 been treated in the past for a mental illness? He said,

2959

1 "No. I had not."

2 GRAND JUROR: Did you know he had been  
3 treated in the past?

4 MRS. WHITLEY: No, I did not know that at  
5 the time. He told me, no, that he did not. That he had  
6 no history of schizophrenia at all.

7 So I asked him. I said, "Have you hurt  
8 yourself? Do you intend to hurt yourself?" He said,  
9 "Yes, I have." He said, "I intend to hurt myself." He  
10 said, "As a matter of fact, I did." He opened his shirt  
11 and he showed me probably a three-fourths inch  
12 laceration, very you know, very insignificant. Well, it  
13 wasn't insignificant, but very superficial to the chest  
14 about right here.

15 He said, "Yes. I did this with a knife  
16 this morning."

17 Q. Had you seen --- Was there any blood on his  
18 shirt?

19 A. There was no blood. There was no blood on the  
20 wound. There was no blood on his shirt. It was just  
21 very clean, very superficial. It was a laceration he  
22 had.

23 Q. All right. What you do then? .

24 A. At that point I sent him over to the  
25 registration desk. I had him register in it. I went and

2960

1 called the behavioral health center to come over and to  
2 evaluate him.

3 Q. On page two of your records that you filled  
4 out, you put at the top depression and CC. What is that  
5 CC?

6 A. Chief complaint.

7 Q. The chief complaint was depression. Was that  
8 your description of him or did he use the word,  
9 depression?

10 A. He did not use the word, depression. That was  
11 my description of him. I asked him how long he had felt  
12 like he needed help and he answered me, "All of my life."

13 Q. Did you explore that with him?

14 A. No, I did not.

15 Q. Do you remember any other conversation with him  
16 before you called Behavior Health Center?

17 A. No, I don't remember anything else.

18 Q. Do you remember him saying anything else?

19 A. No, I do not.

20 Q. Did you have any more contact with him?

21 A. Yes, I did. I went on back inside and I was  
22 not actually the triage nurse that day. I was a nurse in  
23 the emergency room. So I went on back inside. A couple  
24 of times or twice actually. It was exactly twice in my  
25 job, I went by his room and he was sitting in there. I

2961

1 asked him twice if he wanted something to drink or  
2 something to eat.

3 The first time he refused. He said he did  
4 not want anything. Then the second time that I asked  
5 him, he did take a Pepsi. He wanted something to drink  
6 then.

7 Q. Did he ask specifically for a Pepsi?

8 A. No, he did not. I asked him if he wanted  
9 something to drink and he said, "Yes, I think I would."  
10 I said, "Well, we have Pepsis and Sprite." He asked for  
11 a Pepsi.

12 Q. Did he ever make any statements in your contact  
13 with him that you thought were delusional?

14 A. No, not at that point delusional. I did not  
15 hear of anything.

16 Q. Was there anything that was not appropriate for  
17 the questions or the statements that were made to you?

18 A. No. He answered every question appropriately.

19 Q. What additional contact did you have with him?

20 A. That is all. That was the only contact I had  
21 with him. It was to triage him and then the two times  
22 that I stopped to ask him for something.

23 Q. Then you said you filled out pages twenty-five  
24 and twenty-six?

25 A. Yes, I did.

2962

00182

1 Q. When would you have done that?

2 A. I would have done just the top part. I did  
3 that at the triage desk when I start my initial contact  
4 with him.

5 Q. And you checked no significant PMP. What does  
6 that mean?

7 A. Past medical history.

8 Q. How do you get that information from him?

9 A. I asked him. I said, "Do you have any  
10 problems, any physical problems we need to know about?  
11 Heart disease, lung disease, seizures or any type of  
12 asthma and he said, "No. He did not."

13 Q. I notice under that no significant prior  
14 medical history, there is a box for psych. Is that  
15 question covered with him?

16 A. I asked him if he was schizophrenic or bipolar.  
17 I did ask him those two things.

18 Q. He denied that?

19 A. He denied that to me.

20 Q. And did he seem to understand what you were  
21 asking him with regards to that?

22 A. Yes, he did seem to understand.

23 Q. You said no significant surgical treatment?

24 A. Right.

25 Q. How did you obtain that information?

2963

1 A. I asked him if he had any surgeries in the past  
2 and he said, "No."

3 Q. Did he seem to understand what you were asking  
4 him?

5 A. Yes, he did.

6 Q. And you have under his social history he was a  
7 smoker, one pack per day. How did you ask him that?

8 A. I asked him if he smoked? And he said, "Yes. I  
9 do." I said, "About how much per day?" He said, "One  
10 pack."

11 Q. Was he able to understand that question?

12 A. Yes, he did. And there is an area for barriers  
13 to learning that there is no check on it. I think that  
14 there is right there. It should be a none.

15 Q. Okay.

16 A. Because I do check that if there is, you don't,  
17 if they don't appear to understand me or I feel like they  
18 don't understand me or right down there where it says  
19 other, if he would have said, yes, I am schizophrenic, or  
20 yes, I am bipolar, I would have written that in right  
21 there. But he denied that.

22 Q. Then under the dark black line on page  
23 twenty-five, you have assessed his pain from a zero to a  
24 ten scale at a six. How do you get that information?

25 A. I asked him. I asked him to rate it for me on

1 a scale of one to ten with ten being the worst pain you  
2 ever felt, how would you rate the pain? He said, "His  
3 chest hurt where he had cut himself and that was a six."

4 Q. Looking back at that record of 25 and 26, is  
5 there anything else, keep going on to the next page. It  
6 says HEENT. Is that ears, nose and throat, I assume?

7 A. Airway, yes.

8 Q. You checked no apparent problem?

9 A. I didn't check any of this. This is done by  
10 the nurse that takes him as a patient. This is her  
11 assessment.

12 Q. On page twenty-six, did you do any of that?

13 A. I did not do any of this.

14 Q. Is there anything or other contact that you had  
15 with him or anything else that stands out in your mind  
16 that you saw?

17 A. No, I did not. There is nothing else.

18 Q. Do you remember any other --- What other staff  
19 members do you remember having contact with him that day?

20 A. Do you want me to name those people?

21 Q. I want to make sure that we are talking to  
22 everybody that we need to.

23 A. Probably Amelda Turner was his primary nurse.  
24 She took him to the room. Dr. William Bowen was the  
25 doctor that went in to assess him. The registration

2965

1 clerk which I believe was Darlene McFadden. I am not  
2 sure of her last name. Her name was Darlene. She  
3 registered him into the emergency room.

4 Then Sherry from the Behavioral Health  
5 Center came over to assess him. I am not sure what  
6 Sherry's last name is either. But she came over and  
7 assessed him and she did the psych assessment on him.

8 Then one of the lab ---

9 Q. Sandra Anderson?

10 A. Yes.

11 Q. Those are the ones that I have. Do you know of  
12 anyone else?

13 A. No one else.

14 Q. How long was Dr. Bowen with him?

15 A. I am not sure of what time Dr. Bowen went into  
16 the room. I was standing there when Dr. Bowen came out  
17 of the room. But I don't know how long he was in there  
18 with him. I didn't see him go in.

19 Q. Did you hear Dr. Bowen say anything when he  
20 came out of the room?

21 A. Yes. I did. He asked me if I would give him  
22 the emergency detention papers because this young man was  
23 very sick. We were going to do an emergency detention on  
24 him.

25 Q. Did you do that?

2966

1 A. Yes, I did.

2 Q. Did you fill out the emergency detention  
3 papers?

4 A. No, I did not. Dr. Bowen did that.

5 Q. Did you have any more contact with the paper  
6 work or anything with regard to the case after that?

7 A. No, I did not.

8 MR. BROWN: Do you have any other  
9 questions from the grand jury?

10 GRAND JURY MEMBER: The only thing that  
11 you said you asked him if he was, you said at this time  
12 you did not know if he was mentally ill?

13 MRS. WHITLEY: Yes.

14 GRAND JURY MEMBER: So when did you find  
15 that out or was that after the fact?

16 MRS. WHITLEY: That he was mentally ill?

17 GRAND JURY MEMBER: Yes.

18 MRS. WHITLEY: No. I did not know until  
19 after the fact that he was mentally ill, until after the  
20 fact.

21 GRAND JURY MEMBER: Did you hear it or did  
22 you all discuss it after he ---

23 MRS. WHITLEY: Well, yes. We heard that  
24 he was.

25 GRAND JURY MEMBER: That he had been

2967

1 before. Did you say anything like he had been treated  
2 before?

3 MRS. WHITLEY: I don't know that.

4 MR. BROWN: Is that your hearing from the  
5 media?

6 MRS. WHITLEY: Yes. That is all I know.

7 GRAND JURY MEMBER: But in your  
8 profession, observing him, you felt that there was  
9 agitation or body signs to you, such as laying his head  
10 down, that you in your experience, that set out something  
11 in your mind that you knew there was something going on  
12 here with him?

13 MRS. WHITLEY: In my experience as a  
14 nurse, yes. I don't --- I don't have a lot. I mean I  
15 am not a psych nurse. But in experience as a nurse in  
16 the emergency room, I felt like he was.

17 GRAND JURY MEMBER: There were some  
18 warning signs that came out to you?

19 MRS. WHITLEY: Yes.

20 GRAND JURY MEMBER: But you did not see  
21 any out of control situations? He did not seem to be out  
22 of control?

23 MRS. WHITLEY: He was very cooperative,  
24 very polite.

25 GRAND JURY MEMBER: He just said he needed

2968

00188

1 your help?

2 MRS. WHITLEY: He said, "I need help."

3 Yes, he did say that.

4 GRAND JURY MEMBER: At any time did he  
5 mention anything to you that you tried to get him to  
6 explain?

7 MRS. WHITLEY: I asked him, I said, "Do  
8 you feel like you might take your life?" He said, "Yes,  
9 I do." Then he showed me the cut on his chest.

10 GRAND JURY MEMBER: One of the things that  
11 I noticed that last week, whether it was ever even said,  
12 he had on black clothes. So this in my mind, I could  
13 picture a different kind of a person that than I heard  
14 you say he had on blue work clothes.

15 MRS. WHITLEY: He had on blue work  
16 clothes. As a matter of fact, his shirt had a Dickey  
17 sign on the side of it. I notice it was a Dickey's work  
18 shirt.

19 GRAND JURY MEMBER: What is the date?  
20 Where are we date wise?

21 MR. BROWN: Friday, March the  
22 twenty-sixth, the morning before, twenty-four hours  
23 before.

24 GRAND JURY MEMBER: Twenty-four hours  
25 before he came into the hospital and he was asking for

2969

1 help; right?

2 MRS. WHITLEY: Right.

3 MR. BROWN: Thank you very much. We  
4 appreciate you being here.

5 (The witness exited the courtroom. Mrs.  
6 Sherrie St. Cyr entered the courtroom.)

7 Sherrie St. Cyr,  
8 having been sworn, testified upon her oath as follows:

9 DIRECT EXAMINATION

10 BY MR. BROWN:

11 Q. I am Joe Brown. I am the Grayson County  
12 attorney. We just met outside; is that right?

13 A. Yes.

14 Q. This is the Grayson County Grand Jury and they  
15 are investigating the charges of capital murder against  
16 Andre Thomas. Do you understand that?

17 A. Yes.

18 Q. This is Janet Kamras. She is a court reporter.  
19 Have you ever had to give testimony in front of a court  
20 reporter before?

21 A. No.

22 Q. She will write everything down that we say so  
23 if you could help me and be heard and answer out loud and  
24 as opposed to a shake of a head or a nod because she  
25 can't get those down.

## **Grand Jury Testimony of William Bowen, M.D.**

1 just have to monitor them close. There is no way of  
2 knowing if something is going on in there that you can't  
3 see outwardly. So it is real important that you assess  
4 them every five minutes because you never know. They  
5 could go south on you pretty quick.

6 Q. I would expect that we may have some more  
7 questions for you on another date, but this gives us  
8 something to start with and we very much appreciate you  
9 being here. So thank you.

10 (The witness exited the courtroom. Dr.  
11 Bowen entered the courtroom.)

12 WILLIAM BOWEN,  
13 having been sworn, testified upon his oath as follows:

14 DIRECT EXAMINATION

15 BY MR. BROWN:

16 Q. If you would, would you introduce yourself,  
17 please, sir?

18 A. I am William Bowen. I am an emergency  
19 physician at TMC.

20 Q. Dr. Bowen, I am Joe Brown. I am the Grayson  
21 County Attorney. We met just outside just before the  
22 session began; is that right?

23 A. That's correct.

24 Q. This is the Grayson County Grand Jury and do  
25 you understand they are investigating three charges of

3020

1 capital murder against Andre Thomas?

2 A. Yes.

3 Q. You are an emergency room physician at Texoma  
4 Medical Center. Would you kind of give us briefly your  
5 background and your history and how long you have been  
6 doing that.

7 A. I graduated from the University of Oklahoma  
8 Medical School. I did my residency at the School of  
9 Medicine at North Carolina. After graduation I practiced  
10 in Denver for four years and I have been at TMC for nine  
11 years.

12 Q. Do you have a general practice? What are your  
13 specialities or do you have any?

14 A. My speciality is emergency medicine.

15 Q. And any other certifications or things we  
16 should know about or you are proud of or that you want on  
17 your resume?

18 A. I am certified in Advanced Cardiac and Advanced  
19 Trauma Life Support. I am boarded by the American  
20 College Emergency Physicians.

21 Q. Were you on duty at the hospital on March the  
22 twenty-sixth of 2004?

23 A. Yes, I was.

24 Q. In that regard, did you have contact with Andre  
25 Thomas?

3021

1 A. Yes, I did.

2 Q. Had you ever known Andre Thomas before that or  
3 seen him as a patient?

4 A. No, I had not.

5 Q. Are you aware of him being treated at the  
6 emergency room of Texoma Medical Center before March the  
7 twenty-sixth?

8 A. No.

9 Q. When was it and for the record, have I provided  
10 you with what I have represented is a copy of the record  
11 from that treatment date?

12 A. Yes.

13 Q. I have marked it as exhibit one and we will  
14 refer to that today and I numbered the pages as one  
15 through twenty-six. Okay?

16 A. Okay.

17 Q. And if you need to, feel free to refer to those  
18 records. Tell us when it was that you treated Andre  
19 Thomas?

20 A. He checked into the emergency department at  
21 approximately 7:15 that morning.

22 Q. What would be the procedure as to how he  
23 ultimately gets to where you are seeing him?

24 A. He walked in the door there and he is met by  
25 the triage nurse who determines the chief complaint and

3022

1 she determined at that time that the patient needed to be  
2 brought back immediately or something where he could go  
3 through the paper work to get the patient registered and  
4 get all the demographic information. After that is done,  
5 then our secretary brings the chart back for our nurses  
6 and they bring the patient back in.

7 Q. Is that the way it happened in this case as far  
8 as you know?

9 A. So far as I know.

10 Q. When did you enter the process with Andre  
11 Thomas?

12 A. It would have been approximately 7:30.

13 Q. Okay.

14 A. Because he checked in at 7:15 and normally the  
15 process of getting him back takes about that long.

16 Q. By the time that you see him in this particular  
17 case, what is it that you have been told or that you had  
18 been aware of with regards to him?

19 A. I had a nurse advise me he was checking in  
20 because of depression and because he injured himself the  
21 night before.

22 Q. And so what did you do with that information?

23 A. I took the chart and went in to see the  
24 patient.

25 Q. Walk us through your assessment of him and what

3023

1 A. Yes.

2 Q. So he was repeating the same thing and it looks  
3 like in pretty much the same terms to her that he did to  
4 you; is that right?

5 A. Yes.

6 Q. It says that he had a religious preoccupation.  
7 Did he seem to exhibit any religious preoccupation to  
8 you?

9 A. No, not to me.

10 Q. She has indicated that he was a danger to  
11 himself and he was suicidal but that she not checked the  
12 part where he was homicidal or a danger to others; is  
13 that right?

14 A. That's correct.

15 Q. Would you agree with that assessment?

16 A. Yes.

17 Q. She did not check the box from self mutilation.  
18 Is that just a mistake; do you think? Would you consider  
19 what he did self mutilation?

20 A. No. He was trying to kill himself.

21 Q. Would that box appropriately be left blank that  
22 if he was trying to kill himself?

23 A. Yes.

24 Q. Would a stab wound in the chest, that would not  
25 qualify as self mutilation in this assessment; you don't

3024

1 think?

2 A. No.

3 MR. BROWN: Do you have any questions?

4 GRAND JURY MEMBER: I have one. You said  
5 that he was trying to kill himself. How difficult is it  
6 to puncture your lung if you stab yourself?

7 DR. BOWEN: I am not sure what the scale  
8 would be on that. If the knife is sharp enough.

9 GRAND JURY MEMBER: Is it hard?

10 DR. BOWEN: No. If the knife is sharp  
11 enough, it goes in.

12 GRAND JURY MEMBER: I was just wondering,  
13 you know. The statement was made that it was a  
14 superficial wound and then you said he said he was trying  
15 to kill himself.

16 DR. BOWEN: To me self mutilation in that  
17 context would be cutting your own finger off.

18 GRAND JURY MEMBER: Yeah, I agree with  
19 that.

20 Q. (By Mr. Brown) Do you know who the staff  
21 member is at TMC who signed off on page twenty-two and  
22 twenty-three are? It is MC something.

23 DR. BOWEN: I don't know. That might be  
24 McCann.

25 MR. BROWN: It is McCada or McFada.

3025

1 DR. BOWEN: I don't know. This is one of  
2 our front office people. This is one of our secretaries.  
3 This sheet is filled out when they first come in so I  
4 don't know.

5 MR. BROWN: Are there any other questions?

6 GRAND JURY MEMBER: You talked to him  
7 first; didn't you, when he came in?

8 DR. BOWEN: I am sorry.

9 GRAND JURY MEMBER: You talked to him  
10 first when you came in and during the time when you  
11 talked to him, then the next person who came in to talk  
12 with him, did it seem like to you this was just a  
13 rehearsal as to why the answers are so closely together?  
14 You know, he was building himself a case, I guess?

15 DR. BOWEN: My gut feeling would be no, he  
16 did not. My feeling when I walked out of the room, was  
17 that this guy was really mentally ill.

18 GRAND JURY MEMBER: Dr. Bowen, I had  
19 wondered if there was a possibility that he might have  
20 any history of drugs other than marijuana, stronger drugs  
21 or whether you thought there was possibly he had used any  
22 drugs.

23 DR. BOWEN: The only thing he related to  
24 me was using marijuana and using alcohol occasionally.  
25 The marijuana came out in his drug screen. But anything

3026

1 beyond that.

2 GRAND JURY MEMBER: But nothing else came  
3 out?

4 DR. BOWEN: No, ma'am.

5 MR. BROWN: Okay. I know your time is  
6 valuable. We appreciate you being here.

7 (Dr. Bowen exited the courtroom. Dr. Choi  
8 entered the courtroom.)

9 KYUNGHO SCOTT CHOI, M.D.

10 having been sworn, testified upon his oath as follows:

11 DIRECT EXAMINATION

12 BY MR. BROWN:

13 Q. This is the Grayson County Grand Jury. Would  
14 you introduce yourself to us, please, sir?

15 A. My name is Kyungho Scott Choi. I am a medical  
16 doctor. I work at the emergency room. I work at Wilson  
17 N. Jones Medical Center in the emergency room.

18 Q. Would you spell your first name?

19 A. It is K-y-u-n-g-h-o C-h-o-i.

20 Q. Do you go by Scott?

21 A. That is my middle name.

22 Q. That is easier. I will go by Scott. Okay.

23 Dr. Choi. My name is Joe Brown. I am the Grayson County  
24 Attorney. We just met outside in the hall; is that  
25 right?
